The Lowest Priced Portable Electric #5 Rebar Cutter.

DIAMOND®

**DC-16LZ
#5 Grade 60
Rebar Cutter**

"Unique features make this tool the very best"

Top-Quality Manufacturing, Long-Life Alloy Cutting Blocks, Safety Pressure Relief Valve, Precision-Balanced Armature, Double-Insulated Electrical Motor and Locking Trigger Switch.

This portable medium-duty rebar cutter will safely, efficiently, and cleanly cut rebar up to #5 (5/8") diameter grade 60 rebar. This self-contained electric/hydraulic unit will also cut other items like chain, bolts and rod but is specifically designed for rebar. The DC-16LZ is intended for effortless medium-duty applications on vertical and horizontal rebar cutting applications. This tool would be a great asset for swimming pool, masonry and ICF contractors. The DC-16LZ is a cold-cutting shear unlike saws with abrasive blades and cutting torches. There are no sparks or flame and no trailing hoses to snare equipment or worker's feet. The DC-16W rebar cutter ships complete in a steel carrying case with hydraulic oil and a tool kit. Backed by Benner-Nawman's no-nonsense one (1) year warranty that includes parts & labor.
